Jungle: Tropical Lands

Land – Landing

Todd / USA 

## What is your favorite place?

Hi everybody, this is Todd. You're a teacher from Io. And right now I am at my favorite place and this is a beach near my house where I live and teach and work in Japan.

And I love this beach for many reasons. One, there aren't many people on the beach, so usually this beach is really quiet and there's not a lot going on. There's many trees near the beach. There's a beautiful forest, so you can kind of take a walk in there. And the beach usually is really clean. There isn't much pollution, there isn't much noise, although sometimes you can hear a plane because many planes land by the airport. I guess we can't see one now, but there are many planes in this area, and it's just a nice place. There's a lot of space, there's a lot of light, and it's just a really peaceful place. And so because of that, I really enjoy it. And there's many things you can do here. You can take a walk, you can relax on the beach, you can listen to the waves. It's just really, really peaceful. So for that reason, I love this beach. It's my favorite place in.
