Tony / UK 

## What is a business that you would like to start?

Hello, my name is Tony. I'm from the UK. And my question is, what is a business that you would like to start?

Well, I am a huge and *passionate fan* of music and *in particular* live music, so I would love to open my own live music *venue*. It'll be a small one here in the city that I live, probably only about 200 or 300 people maximum. We'd have bands four or five nights a week. Of course, there'd be a bar, but it'll be a real hub for the local music *scene*.

I think it's really important for every city, every area to have a really *vibrant* local music scene. It's a really good creative place to be. I would invite bands from all over the country and, if I could, *further afield*, so any touring bands from other countries as well. Just good live music, all kinds of *genres*, four or five nights a week. And that would be my *ultimate* dream business.

## Quiz

*Answer the following questions about the interview.*

1) What would he like to start?

- a) Music venue
- b) Music school

2) Who would he invite?

a) **Bands**

b) Teachers

3) When would it be open?
